

Nutmeg RC Flyers
Meeting Minutes
January 10, 2008

The meeting was called to order at 7:33 PM

OLD BUSINESS

- Secretary's report passed.
- Treasurer's report passed. \$1000 CD purchased.
- Newsletter. To save on printing and mailing we will email and post the newsletter on the website. Will mail out event post cards after the March meeting.
- Trainers, we have two, one in good shape and the other in rough condition, Ed offered a fuse. Low wing trainers are another option.
- Set up bench (former helicopter bench) near station #2, Kris will put it together.
- 2 dozen khaki hats will be ordered hopefully in time for the March meeting
- New medical kit, lock box, and fire extinguisher needed.
- Put up a new AMA rules and regulation sign, Jeff has one.
- Will redo the frequency board in the spring, "keep your eyes open" warning sign being considered.
- Mowing, will start a rotation with the officers, will ask the Army Corps of Engineers to store the tractor and trailer at the ranger station.
- Picnic raffles, will try to get airplanes on consignment from RC Hobbies and More, \$200 value, tickets available in March meeting for \$20, must be at the picnic to claim the prize, door prize tickets offered at no cost with a \$75 prize. Will get a free raffle ticket when you join/renew with the club.

NEW BUSINESS

- Fuel, Paul checking with Erwin. Erwin not sure about the dates, probably the same savings as last year. Fuel will be shipped to Erwin's store; you must pick it up there. Will get info and post on the website. Last year fuel was ordered after the March meeting, this year it may possibly be ordered earlier. Usually get Magnum fuel.
- Will contact members without email, if they want a newsletter we will mail it to them.
- Events: auction in Vernon February 10th, WRAMs Show February 22nd, 23rd, and 24th, auction in Pennsylvania in March, January 19th there will be an auction in Concord NH.
- Current slate nominated, Keith nominated as Webmaster. Slate accepted as is. Nominate slate as announced, motion carried.
- Leaving the grass taller in front of the fences to prevent planes from getting too close to the pits. Have the pits grass longer, more durable, 2-1/2 inches. Put crushed stone around the benches.

Meeting adjourned at 8:09 PM
